Hi Kristine,

Thanks for coordinating this with us! Jim and I think this is a good idea and will discuss it with the LWG at our Exec meeting next Thursday. If there are no objections from our group, Jim and I could make the first cut at a presentation and send it to you for edits and additions. It would probably also be good for the three of us to have a call sometime soon to discuss general coordination and goals. Sound okay?

Bob

Bob and Jim - I spoke with Hillary today and she had indicated that she wanted you both to prepare an overview presentation of the PH site. She wanted to know if I wanted to give a separate presentation, but I thought it would be better if we could coordinate a presentation. Since the purpose of the presentation is to bring the other 2 Senators up to speed on the project, we would probably have to give a bit more on history of site than was presented at last meeting to Blumenhauer. If you are amenable to this, please let me know and we can work together on a presentation.

Thanks,

Kristine Koch
